## Lambing Aids

### Lambing Rope 1 Loop

Designed to provide safe, gentle assistance during birth, the lambing rope is made from a soft weave and is durable enough to withstand strong washing and cleaning with disinfectant products.

Code:	Description	Size
928458	Lambing Rope 1 Loop, White	EA
376851	Lambing Rope 1 Loop, Red	EA
376863	Lambing Rope 1 Loop, Yellow	EA
376875	Lambing Rope 1 Loop, Green	EA
376887	Lambing Rope 1 Loop, Blue	EA

### Lambing Rope 2 Loop

Nylon lambing rope with double loop. Size all 4mm.

Code	Description	Size
814994	Lambing Rope 2 Loop, White	EA
376899	Lambing Rope 2 Loop, Red	EA
376905	Lambing Rope 2 Loop, Yellow	EA
376917	Lambing Rope 2 Loop, Green	EA
376929	Lambing Rope 2 Loop, Blue	EA

## Sheep Restrainer (gambrel)

Gambrel restrainer is the easy and simple way to restrain and hold sheep. It is an essential aid for lambing, foot trimming treatment and transportation. Easy to use and quick to fit.

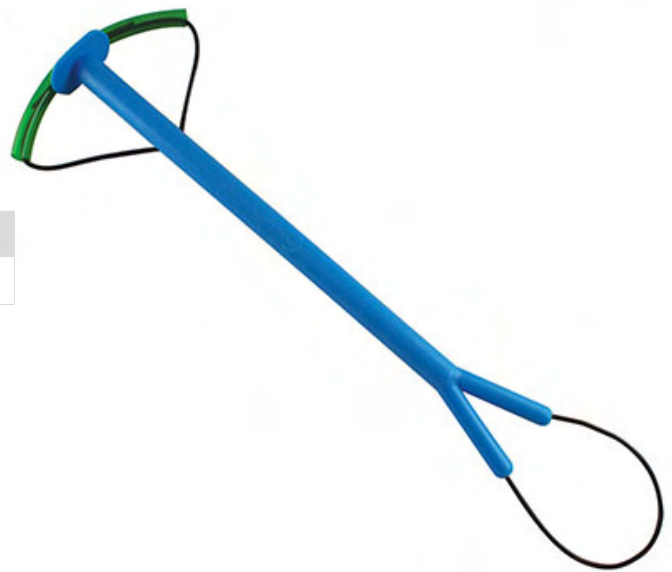

Code	Description	Size
848724	Gambrel Restrainer	Large

## Dal Lambing Aid

Lightweight and durable essential lambing aid.

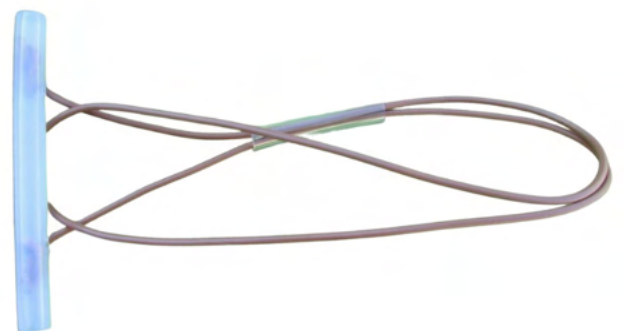

Code	Description	Size
833046	Dal Lambing Aid	EA

## Lambing Snare

A simple lambing tool used primarily to hold the lambs head in the correct position for birthing.

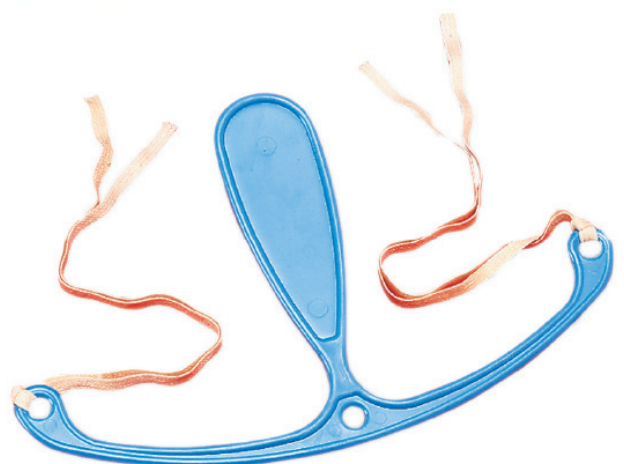

Code	Description	Size
890595	Lambing Snare	EA

## Ewe Spoon

For internal uterine support to help prevent ewe prolapses.

Code	Description	Size
371622	Ewe Prolapse Retainer (Plastic)	PK 4

## Ewe Harness for Prolapse

To help prevent uterine prolapse.

Code	Description	Size
874577	Ewe Truss (Prolapse Harness)	EA

## Adoption Musk

An aerosol spray that helps to eliminate rejection during fostering, by neutralising the odours of the ewe and lamb.

Code	Description	Size
25902	Lamb Adoption Musk	200ml

## Nylon Suture Tape

Nylon suture Tape. 5m length.

Code	Description	Size
813837	Nylon Suture Tape	3mm
832145	Nylon Suture Tape	6mm

## Vulva Needle

Suture Needle Half Curve 6"

Code	Description	Size
372055	Vulva Needle (Suture) 6"	PK 2

# Thermal Wrap

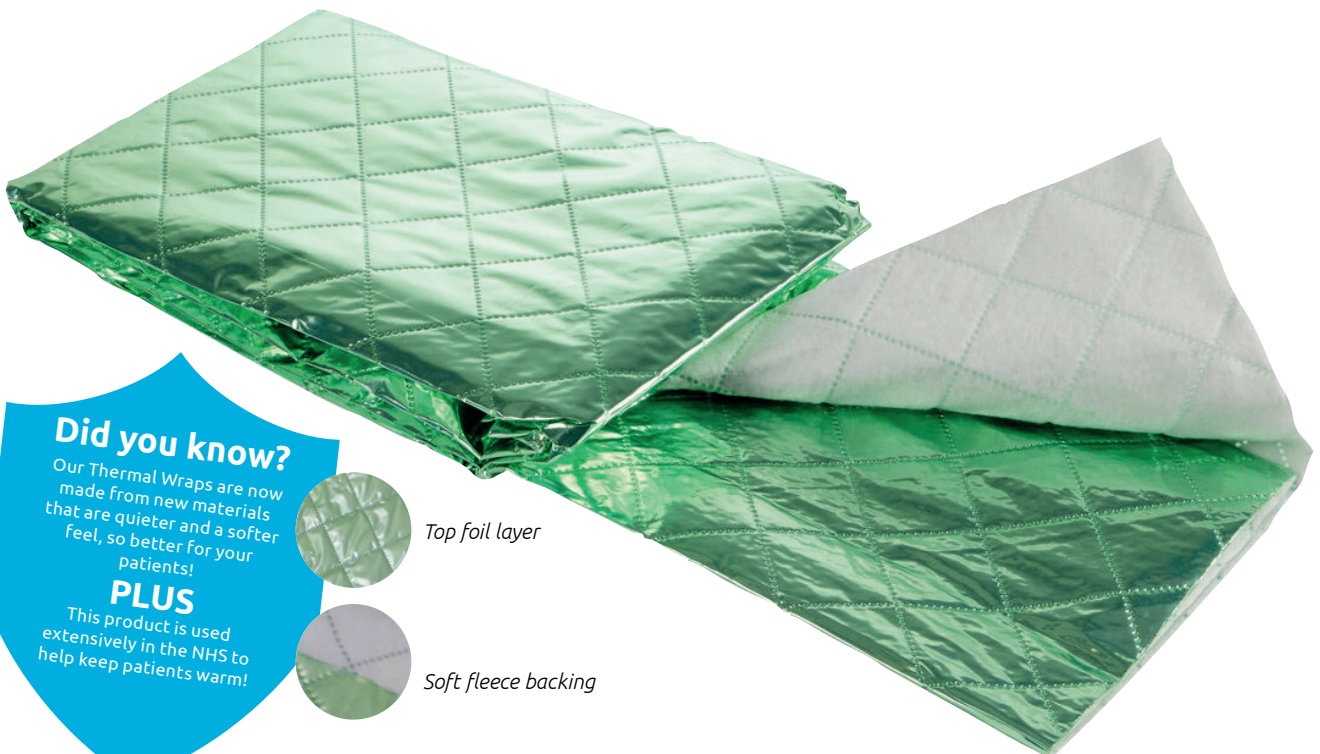

## Operation & Recovery Thermal Wrap

A double sided material combining a reflective foil layer with a soft fleece ideal for a variety of uses including post-operative recovery. The combination of foil and fleece creates a 11.5 tog rated material that can be cut to size without losing its thermal properties and you can also pre-warm it before use. The wrap is available in a 1x1.5m single piece and 25x33cm pouches, handy for smaller animals. Maintaining core temperatures gives a much improved patient outcome, reduces the risk of surgical site infection and aids recovery.

-   
**Helps alleviate hypothermia**
-   
**Maintain normothermia**
-   
**Provides a barrier to bacteria**
-   
**Can be pre-warmed**
-   
**The wraps can be cut to size without damaging the performance**

Code:	Description	Size
773189	Select Operation & Recovery Thermal Wrap	EA

**Did you know?**  
 Our Thermal Wraps are now made from new materials that are quieter and a softer feel, so better for your patients!

**PLUS**  
 This product is used extensively in the NHS to help keep patients warm!

*Top foil layer*

*Soft fleece backing*

# Feeding Equipment

## Syringe with Tubing

60ml syringe and catheter for feeding weak lambs

Code	Description	Size
878819	Lamb Feeder (One Catheter)	60ml

A spare plastic catheter for use with syringes

Code	Description	Size
110206	Lamb Feeder Tube Only - Latex Red	EA

## Anti-Vac Lamb Feeder Bottle & Teat

Lamb feeder bottle complete with teat. The lamb feeder bottle is a must have piece of equipment come lambing season. Complete with a soft, screw-on, non-vac teat.

Code	Description	Size
25926	Lamb Feeder Btl & Non Vac Teat	EA

## Lamb Teats

The Shepherdess Spare Teat is great for having in your animal care kit, ready for lambing season when the small animals need a little helping hand

Code	Description	Size
161925	Lamb Teat SCA, Red	EA
161937	Lamb Teat SCA, White	EA

# Milk, Colostrum & Nutrition

## Ewe Milk Replacers

Designed for use as a complete replacement for ewe's milk. A pale to dark cream coloured powder which mixes instantly in cold or warm water. The product has a creamy/vanilla aroma. Ideal for bottle feeding, ad-lib feeding systems and some machine feeding systems which require an instant mixing powder.

Code	Description	Size
843647	Lamlac Ewe Milk	10KG
371725	Lamlac Ewe Milk	20KG

Lambkin Ewe Milk Replacer is a nutritious milk supplement, essential for promoting optimum health in young or orphaned lambs. The replacer contains high levels of skimmed milk powder for feeding to milk deprived lambs in need of nourishment. Suitable for bucket and bottle rearing.

Code	Description	Size
864535	Lambkin Provimi	10KG
889283	Lambkin Provimi	20KG

Provimi Shepherdess Milk Replacer is easily mixed and highly palatable. Suitable for all rearing systems; machine, bucket and bottle feeding. Contains the unique NuStart gut conditioner: 15% higher growth rate.

Code	Description	Size
25823	SCA Shepherdess	5KG
25847	SCA Shepherdess	10KG
25859	SCA Shepherdess	20KG

## Lamb Colostrums

A natural alternative to colostrums to be fed whenever ewe colostrum is unavailable or in short supply. A vital energy boost, easy to mix and 100% natural.

Code	Description	Size
820763	Volostrum Lamb Sachets	PK 10

Provita Lamb Colostrum is an alternative to natural colostrum for newborn lambs. It contains natural EU sourced dried colostrum and a high level of egg powder which help protect the newborn lamb. Provita Lamb Colostrum also helps lambs by providing a readily available supply of carbohydrates, fats, proteins, minerals and vitamins. The form of carbohydrate will rapidly raise the lamb's blood sugar level, giving the lamb energy to maintain body temperature and to get up and suckle quickly. It mixes easily in luke-warm water.

Code	Description	Size
570862	Provita Lamb Colostrum Sachet	50G x12
377831	Provita Lamb Colostrum Sachet	500G
377843	Provita Lamb Colostrum Sachet	1KG
377855	Provita Lamb Colostrum Sachet	2.5KG

# Castration & Docking

## Lamb Castration Pliers

The Castration Ring Pliers are made with the highest quality materials and are strong and reliable with good length of prongs.

Code	Description	Size
926024	Castration Ring Pliers	EA

## Lamb Castration Rings

Castrating bands/rings are applied with a castrating band applicator for tail docking or castration.

Code	Description	Size
882124	Lamb Rings Paragon	100
882136	Lamb Rings Paragon	500
33923	Lamb Rings Paragon	3000

# Nutritional Support

## Nutritional Support for Ewes

### Propylene Glycol Select

EVERYDAY

Select Propylene Glycol covers a wide variety of uses; an essential for all veterinary practices.

Wide variety of uses

Veterinary practice essential

Available in 4 sizes

Code:	Description	Size
385839	Propylene Glycol - Select	500ML
385803	Propylene Glycol - Select	2L
385827	Propylene Glycol - Select	5L
385815	Propylene Glycol - Select	25L

## Selekt Glycerol Plus

Dietetic feeding stuff for reduction in the risk of ketosis in dairy cows and twin-lamb disease in sheep. Contains high levels of propylene glycol derivatives with yeast products to stimulate energy and promote ruminal function.

Code:	Description	Size
279791	Selekt Glycerol Plus	1L

## Twin Lamb Drench

A fast acting, energy rich drench to protect against, and support Twin Lamb Disease. Contains a combination of two valuable energy sources to offer the ewe an instant energy boost, as well as a sustained energy supply. Also contains a bioavailable source of calcium for protection against hypocalcaemia.

Code	Description	Size
379025	Battles Twin Lamb Drench	500ML

Gets ewes up and feeding within hours! Multi Lamb Rapid is a fast working, energy complex for ewes carrying multiple lambs.

Code	Description	Size
90499	Twin Lamb Drench Rapid	495ML

## Provita Energy Plus

Provita Energy Plus is a nutritional supplement providing an instantly available energy source to help counteract metabolic stress in pregnant ewes. It contains energy sources that can be rapidly converted to glucose in the liver, supplying high levels of blood sugar without the harmful over production of Ketone bodies. Cobalt and B12 also counteract deficiencies which contribute to an energy deficit. Herbs stimulate appetite to encourage intake and speed up recovery.

Code:	Description	Size
377867	Provita Energy Plus	1L
377879	Provita Energy Plus	5L

## Provita Bovical

An oral liquid supplement to reduce the risk of milk fever in cattle and hypocalcaemia in cattle and sheep. In cattle use immediately before or after calving. In sheep use immediately on appearance of hypocalcaemia symptoms.

50mg calcium per 500ml bottle in a unique soft drenching bottle that ensures quick and easy oral application.

The calcium is organically bound which ensures it is rapidly absorbed within minutes of feeding. The slow release formula produces elevated calcium serum levels for approximately 12 hours.

Well tolerated by the mucous membrane and easily metabolised.

With glucoplastic energy in the form of Propionate and acetate (3.1MJ/bottle).

Code:	Description	Size
393101	Provita Bovical	500ml

# Supplements & Drenches

## Lamb Supplements

Provita Lamb Response oral liquid suspension supplies a unique combination of beneficial bacteria, egg powder and vitamins to kick start newborn lambs. Lambs are born with a sterile gut. Provita Lamb Response should be used to aid the establishment of beneficial bacteria within the digestive tract. In young lambs prior to having a fully functioning rumen, it has been shown that there is a need for dietary supplements of vitamins, especially fat soluble and B vitamins. Give to new born lambs at birth, after digestive upset or after antibiotic therapy to re-colonise the gut with healthy bacteria.

Code	Description	Size
556221	Provita Lamb Response	100ML

A rapid energy boost for small, weak and growing lambs. Lamb Kick Start is a glucogenic energy source to aid the elevation of blood glucose levels in weak lambs. The addition of key ingredients in this supplement ensures it is especially formulated to support lambs in the critical first few days of life. Easy to administer Lamb Kick Start supports fading lambs with rapidly available energy, aiding suckling.

Code	Description	Size
309	Lamb Kick Start	100ML

Neonatology paste helps keep newborns alive – for calves, lambs and foals.

Code:	Description	Size
776312	Nimrod Red Start	PK 6

HydraBoost Tab is a soluble rehydration tablet, used to create an oral rehydration solution for dehydrated calves, lambs and kids. Hydraboost Tab delivers electrolytes and energy. For the stabilisation of water and electrolyte balance in calves, lambs or kids affected by, at risk of, or during recovery from digestive disturbance (diarrhoea).

Code:	Description	Size
381275	Hydraboost Tabs	PK 24

#### Advantages

- Assists with the stabilisation of water and electrolyte balance
- Delivers electrolytes and energy
- Assists with the prevention of dehydration
- A useful rehydration aid
- Assists recovery from acidosis
- Easy to use: 1 tablet per 1 litre of water

# Tupping

## Tupping

### Ram Harness

A nylon harness with clip fastening.  
For colour coding covered ewes.

Code	Description	Size
399656	Ram Harness Nylon With Clip	EA

### Wax Block Crayon

Flexmark All Weather Marking Crayons leave a clear, bright and long lasting mark.

Code	Description	Size
585129	Flexmark Crayon All Weather, Blue	EA
376085	Flexmark Crayon All Weather, Green	EA
376097	Flexmark Crayon All Weather, Orange	EA
585117	Flexmark Crayon All Weather, Purple	EA
376073	Flexmark Crayon All Weather, Red	EA

#### Advantages

- Suitable for all weather conditions
- More effective than raddle paint leaves a clear mark
- Helps to provide a greater insight to breeding
- click-in-click-out crayons that do not require a cotter pin
- Lots of bright colours and easy access packaging

# Marking & Identification

## Sprays

### Marksman Aerosol

Approved by the British Wool Marketing Board, Marksman marker spray has provided farmers with a reliable sheep marking solution for more than 20 years. Available in seven vibrant colours: Red, blue, green, orange, yellow, purple and black. Weather resistant and fully scourable, rapid drying formulation and works on both wet and dry fleeces.

Code:	Description	Colour
724695	Marksman Aerosol, 400ml	Orange
724713	Marksman Aerosol, 400ml	Purple
724658	Marksman Aerosol, 400ml	Red
724701	Marksman Aerosol, 400ml	Yellow
724725	Marksman Aerosol, 400ml	Black
724671	Marksman Aerosol, 400ml	Blue
724683	Marksman Aerosol, 400ml	Green

## Pens

### Marking Sticks

Temporary marking sticks, ideal for sorting, vaccinating, and treating, are a versatile tool for farmers. The twist-up action allows for easy and quick marking, making them convenient to use. With an ideal size to fit in a farmer's pocket, these marking sticks are always within reach. Available in three vibrant colors - red, green, and blue - they provide a great choice for bright and vivid temporary marking during various agricultural tasks.

Code:	Description	Colour
409017	Flexmark Twist Up Marking Sticks	Red
409029	Flexmark Twist Up Marking Sticks	Blue
409030	Flexmark Twist Up Marking Sticks	Green

# Consumables

## Hand Sanitisation & Skin Preperation

### Chlorhexidine 4% Skin Scrub

From pre-op prep to everyday hand washing. Boasting robust antimicrobial properties, this scrub vanquishes a broad spectrum of bacteria and fungi, ensuring the highest standards of sanitisation.

✓  
Prolonged  
Residual  
Protection

✓  
Fragrance  
Free

Code:	Description	Size
948755	Chlorhexidine 4% Skin Scrub - Select	500ml
948743	Chlorhexidine 4% Skin Scrub - Select	5l

#### Contains:

- Chlorhexidine Digluconate 4.0% (active ingredient), which is an antimicrobial agent.

## Safe4 Virucidal Foam Hand Sanitiser

Safe 4 Alcohol-Free Hand Sanitiser, is a foaming hand sanitiser which cleanses hands and other areas of skin. It has been specifically designed to be effective against bacteria and viruses, more specifically Coronavirus!

Code:	Description	Size
383065	Safe4 Virucidal Foam Hand Sanitiser	600ML
383053	Safe4 Virucidal Foam Hand Sanitiser	50ML
383077	Safe4 Virucidal Foam Hand Sanitiser	5L

### Advantages

- *Effective against all strains of coronavirus including COVID-19*
- *Does not drip when dispensed, unlike gels*
- *Quick and easy to use*
- *Quick evaporation – does not leave a sticky residue*
- *Contains glycerine to help prevent the drying of skin*
- *Substantially more applications compared to gel*
- *Foaming pump turns liquid into foam – easily refillable bottle*
- *Falls under cosmetic regulations*
- *Designed to kill viruses and bacteria without drying out or irritating skin*
- *Available in 600ml and 50ml dispensers*
- *Wall brackets and sanitising stations available for 600ml*
- *5L refill bottle available*

## Safe4 Hands Handscrub + Pump

Safe4 Hand Scrub is a medical pre-operational and post-operational clinical bacterial hand wash. It can also be used as a general antiseptic hand wash and before food preparation.

Code:	Description	Size
218169	Safe4 Hands Handscrub + Pump	500ML

### Features

- *pH5.5 (skin pH) – Kind to hands*
- *Non Toxic, Non Staining, Non-tainting, Non-corrosive, Non-irritant, Biodegradable*
- *Does NOT contain Phenols, Aldehydes or alcohol*

## G9 Alcohol Hand Gel

Rapid acting hand disinfection gel that provides hygienic hand disinfection in seconds, leaving no sticky residue. Bactericidal, Yeasticidal and also Virucidal against enveloped viruses including Coronavirus. Pink in colour with a coconut aroma, also available in clear with a natural aroma. Sizes include 50ml, 500ml and 5L refill.

Code:	Description	Size
915749	G9 Alcohol Hand Gel	500ML
915725	G9 Alcohol Hand Gel Refill	5L
915737	G9 Alcohol Hand Gel Tottle	50ML

## G9 Pump Dispenser

Pump dispenser for the G9 Alcohol Hand Disinfectant.

Code:	Description	Size
915804	G9 Pump Dispenser	500ml
915816	G9 Pump Dispenser	5l

### Features

- For 500ml bottles
- For convenient product application

## Videne Antiseptic Solution 10%

Premium anti-microbial skin, mucosal, and wound disinfectant. This licensed, povidone-iodine based formulation offers broad-spectrum efficacy against a wide range of microorganisms. The 10% w/w cutaneous solution provides an effective, yet gentle disinfection for the skin, mucous membranes, and wounds.

Code:	Description	Size
950567	Videne Antiseptic Solution 10%	200ML

# Surgical Spirit

Select Surgical Spirit is a Premium, BP grade formula.

Premium, BP grade formula

Available in 2 sizes

Code:	Description	Size
385864	Premium Surgical Spirit BP Select	500ML
385852	Premium Surgical Spirit BP Select	1L

# Strong Iodine BP

This eco-friendly update to the packaging of Strong Iodine Solution BP benefits farming and veterinary industries while reducing waste and promoting sustainability. The bottles contain at least 30% post-consumer recycled plastic and are recyclable.

Code:	Description	Size
385670	Strong Iodine Bp - Select	500ML
385669	Strong Iodine Bp Spray - Select	500ML

## Iodine Solution 2.5%

A general purpose skin cleanser for use in the management of livestock.

Code:	Description	Size
623490	Iodine Weak 2.5%	1L

## Umbilical Spray

Instant cleansing, broad-spectrum disinfectant for use on umbilical cords in newly born livestock. Contains anti-bacterial agents, is rapid drying, and is easily identifiable once sprayed.

Code:	Description	Size
379050	Nettex Umbilical Spray	500ML

## Autoclavable Nail Brush

Code:	Description	Size
853963	Nail Brush Autoclavable	EA

# Surface Disinfection

## G9 Alcohol Surface Wipes

Large size surface disinfectant wipes for non-invasive medical devices. Alcohol based disinfectant (63% ethanol). Packaging options include dispenser tubs or economical 'stand up' refill packs. Now available in a more eco-friendly kit.

Code:	Description	Size
356232	G9 Alcohol Surface Wipes	PK 200
381767	G9 Alcohol Surface Wipes Refill	PK 200

## Safe4 Plastic Free Disinfectant Wipes

These high-quality disinfectant wipes are impregnated with a Safe4 apple-scented disinfectant solution at a 1:10 dilution ratio. Each wipe measures 200x200mm and is made from 100% viscose spunlace, offering exceptional strength and durability that ensures the wipe remains wet throughout use. Importantly, these wipes do not contain any phenols, aldehydes, or alcohol.

The wipes are highly effective, killing 99.99% of germs, including Coronavirus, MRSA, Salmonella, E-Coli, and Listeria. Completely plastic-free and biodegradable, these wipes provide a sustainable disinfecting and sanitizing solution that requires no water. Proudly made in the UK, these versatile wipes are an excellent choice for keeping surfaces clean and hygienic.

Code:	Description	Size
397155	Safe4 P/Free Disinf Wipes Tub	PK 100
949127	Safe4 Plastic Free Disinf Wipes Tub Refil	PK 100

# Obstetric Lubricants

## Select Lubricating Gel

A multipurpose gel ideal for gynaecological and surgical procedures.

**Our lubricating gel contains:**

- 2-Phenoxyethanol 12.5g/kg

Clear and colourless

Ideal for arm and glove lubrication

Ready to use

Contains a preservative that is non spermidal

Code:	Description	Size
550462	Select Lubricating Gel	500ML
550450	Select Lubricating Gel	2.5L

# Hypodermic Needles

**Did you know?**  
Thin walled needles enable you to use a smaller more comfortable needle gauge yet still allow for the same flow rate as a regular walled needle.

## Hypodermic Needles

Our high quality, sharp siliconised needles are manufactured in Germany for NVS by Henke-Saas Wolf GmbH, our needles are produced using high quality stainless steel ensuring excellent performance and are a perfect partner to our range of 3-part syringes.

-   
**Sharp precision lancet points providing consistent low penetration load of needle and skin**
-   
**Thin walled siliconised needle tubes for easier injecting**
-   
**Transparent polypropylene hubs**
-   
**Protective polypropylene caps**

Code:	Description	Size
777870	21G x 5/8 Hypodermic Needles - Select	PK 100
777882	23G x 5/8 Hypodermic Needles - Select	PK 100
777894	25G x 5/8 Hypodermic Needles - Select	PK 100

## BD Disposable Needles

The BD Microlance™ 3 Needles are designed for easy penetration, smooth gliding force during insertion/withdraw and reduced cannula friction while sliding through tissue.

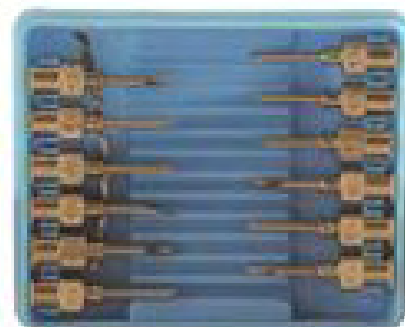

Code:	Description	Size
277708	16G x 1.5" BD Disposable Needles	PK 100
907832	19G x 1.5" BD Disposable Needles	PK 100
216732	21G x 2" BD Disposable Needles	PK 100
895088	21G x 5/8" BD Disposable Needles	PK 100
295462	23G x 1" BD Disposable Needles	PK 100
895131	23G x 1.25" BD Disposable Needles	PK 100
935499	23G x 5/8" BD Disposable Needles	PK 100
895155	25G x 5/8" BD Disposable Needles	PK 100
277691	27G x 0.5" BD Disposable Needles	PK 100

## Luer Needles

For veterinary and livestock applications. Fully sterilisable needles made from high quality stainless steel.

Code:	Description	Size
269979	16 x .5" 2r2 Luer Needle	PK 12
823284	16 x .75" 2r2 Luer Needle	PK 12
823648	16 x 1" 2r2 Luer Needle	PK 12
823740	18 x .5" 2r2 Luer Needle	PK 12
823259	18 x .75" 2r2 Luer Needle	PK 12
823260	18 x 1" 2r2 Luer Needle	PK 12

## Barber Reusable Needles

For veterinary and livestock applications. Fully sterilisable needles made from high quality stainless steel.

Code:	Description	Size
377363	13G x 2" Barber Reusable Needles	PK 12
377375	14G x 0.75" Barber Reusable Needles	PK 12
377399	14G x 1.5" Barber Reusable Needles	PK 12
377405	16G x 1.5" Barber Reusable Needles	PK 12

## Intravenous Cannula Catheter

Intraflon 2 is made of a transparent (non radiopaque) PTFE cannula with winged hub and internal needle.

Code:	Description	Size
24831	Intraflon 2 Cann 52mm Vygon	12G
549745	Intraflon 2 Cann 52mm Vygon	13G
861698	Intraflon 2 Cann 80mm Vygon	12G
878248	Intraflon 2 Cann 80mm Vygon	13G
870572	Intraflon 2 Cann 80mm Vygon	14G

## Flutter Valve no Needle

Flutter valve injection apparatus. This apparatus may be used where a large volume of sterile solution is to be injected subcutaneously at controlled rates. It is designed for attachment to standard calibrated bottle containers and enables these solutions to be injected by gravity flow.

Code:	Description	Size
825347	Flutter Valve	EA

## Sharp Safe with Lid

Code:	Description	Size
366882	Sharps Container	4L
98681	Sharps Container	7L
366870	Sharps Container	13L
372286	Sharps Container	24L

# Syringes

## 3-part Syringes - Select

EVERYDAY

Our range of high quality 3-part disposable syringes are an ideal partner for our hypodermic needles and are all non-toxic, latex and pyrogen free.

✓  
Sterile and ready to use

✓  
Transparent barrels with clear graduation for ease of use

✓  
Latex free pistons with two seal rings

✓  
Excellent stop restraint to prevent accidental plunger withdrawal

**Did you know?**  
A low dead space syringe has a displacement spike on the end of the plunger to limit dead space that exists between the syringe hub and needle, therefore reducing drug waste.

Code:	Description	Size
797984	1ml Syringe 3part Centric Luer Slip - Select	PK 100
908617	1ml Syringe 3part Centric Low Dead Slip Luer Slip - Select	PK 100
797996	2ml-3ml Syringe 3 Part Centric Luer Slip - Select	PK 100

  - 20ml
  - 60ml

## Discardit 2 Part Disposable Syringes

The BD Discardit II syringe is a medical single use product for injection and/or aspiration of medical fluids, including both, corporal fluids (blood, etc) and drugs. The lubricant included in the barrel material allows for a smooth advancement of the plunger without the need of a rubber ring.

Code:	Description	Size
846922	2ml Discardit Syr	PK 100
847045	5ml Discardit Syr (Side Tip)	PK 100
847148	10ml Discardit Syr (Side Tip)	PK 100
32177	20ml Discardit Syr (Side Tip)	PK 80

## Sol-Millennium 2 Part Syringes

- **High transparency barrel** – makes it easy to see syringe content
- **Safe plunger backstop** – prevents accidental withdrawal of plunger
- **Smooth plunger movement** – reduces slide resistance
- **Black graduation scale** – provides ideal contrast and readability

Made of polypropylene and polyethylene. DEHP, PVC- free, not made with natural latex rubber. Sterile and single-use.

Code:	Description	Size
371919	2ml Centric Luer Slip	PK 100
371920	5ml Centric Luer Slip	PK 100
371932	10ml Centric Luer Slip	PK 100

## BD Emerald 3 Part Disposable Syringes

The BD Emerald Syringe For General Purpose this has been produced in a more sustainable manner. Because its design has up to 30% less material than other syringes, it also helps to reduce waste disposal.

Code:	Description	Size
765107	2ml Emerald Syr Luer Slip	PK 100
765119	5ml Emerald Syr Luer Slip	PK 100
